

Speaker 4Ohm 3W 50mm

This speaker is perfect for playing sounds and music with the Arduino. The speaker cannot be directly connected to an Arduino, it always requires an MP3 player module or an amplifier module.

Technical Details Speaker :

- Impedance: 4Ω
 - Power: 3W
 - Diameter: 50mm
 - Height: 30mm
 - Dimension: 52.5 x 52.5 x 30mm
 - Weight: 70g
-
